Introduction

Throughout the world, the use of breakaways in the motion picture, television, stage and music industries has created a growing need for new resins that are clear and more reliable. This is an area which precision molds and reliability are of prime importance.

Over the past 30 years, we have earned an excellent and enviable reputation for supplying high quality products that meet the demands of you the customer.

Since the formation of our breakaway division (ANA Special Effects), our products are manufactured in house by our expert crafts people. We make our own molds, if we do not have what you need, we will cast one from your original. All colors are available. Knowing the nature of the entertainment business we take great pride and effort to fulfill rush orders. Our goal is to produce a quality product at a reasonable price. We welcome your call for any job and quotes.

We at ANA Special Effects wish to express our gratitude and thanks to our many customers whose confidence and loyalty have so greatly contributed to the successful growth of our company.
